

Production Area:

This wine is created from a blend of excellent red wines from Puglia and Sicily.

Grapes:

60% of this blend comes from Puglia: Primitivo del Salento. Grown from 50-year-old grape vines, with a very low yield but a great concentration of colour and flavours. Half of the produce is harvested and slightly dried in order to accentuate its concentration. The remaining 40% comes from Sicily, constructed by Syrah grapes cultivated from vineyards at an optimum altitude and well-structured Merlot grapes. The grapes are further refined and toasted in barrels.

Colour:

Intense red with glints of violet.

Bouquet:

Chocolate scents with notes of vanilla.

Taste:

Powerful but always pleasant with slight hints of concentrated red fruits.

Service:

Always serve well chilled, ideally at cellar temperature (16-18°C).

Food Suggestions:

Ideal with meats and flavoursome cheeses or as a wine perfect for conversation.
